Mrs. W. J. Lohrig is in Jacksonville enjoying the Gala Week attrac-

Mr. Will Condon returned home Tuesday from a purchasing trip to New York.

Mr. and Mrs. Buttgenbach have returned to their home at Holder after a several months' absence in New York.

High Springs, arrived in the city yesfamily.

Mesers. Clifford Anderson and Grover Cleveland McClure are bac from a two or three days' bear hun in the Ocklawaha swamps.

Mr. A. S. Anderson, of Holder, has returned from a visit to Tennessee where he has been prospecting the phosphate properties in that state.

Editor Jordan of the Punta Gorda Herald says there will be an Oven in the next legislature, but no Bacon, Goodbread, or Rice to bake in it .-Gainesville Sun. Marion county will furnish a Bullock.

Editor Harris has captured one of the prosperity rainbows of which he sang so merrily a few days ago, as increased patronage makes necessary an enlargement of the Ocala Daily Banner.-Pensacola Journal.

Mr. D. W. Davis and family have moved back in their home on South Third street, which they have recentty had remodeled, and Mr. Robert Taylor and family have moved into the McDonald house on Earl street which Mr. Taylor recently purchased.

Dr. D. A. Smith, of Anthony, was among the prominent visitors to Ocala yesterday. The doctor says that never before in its history were there so much activity in and around Anthony as is now going on. Two hundred acres of the old French phosphate company's property are now being fenced and in some directions there are unbroken truck farms stretching for a distance of five miles.

Another gigantic business consoli. dation will on January 1st be launched on the sea of commerce, and it will be managed by progressive men of Jacksonville. This new consolidation will be the merger of the C. B. Rogers Grocery Company, the Florida Grocery Company and the grocery department of the Consolidated Naval Stores Company. The capital stock of the company will be \$500,000, and Jackconville will be the headquarters of the concern. Charles B. Rogers will be the head of the new combine .-Jacksonville Metropolis.

A Florida Horse.

Marion county has within the past few years done more to show to the world at large what Florids can do in the way of farming, stock raising, etc., than any other one county in the state. People who are skeptical as to Florida being a stock raising state should see some of the stock of the Chappell Brothers, at Kendrick, this county. Mr. W. V. Chappell yesterday drove up to the Ocala Banner office with as fine two-year-horse as can be seen anywhere, which he raised on his farm at Kendrick. He is only a few days over two years old, a high stepper, and tips the beam at 960 pounds.

Who says Florida is not a stockraising state, and Marion the banner

Good Advice.

The most miserable beings in the world are those suffering from dyspepsia and liver complaint. More than seventy five per cent of the people in the United States are afflicted with these two diseases and their effects; such as sour stomach, sick headache, habitual costiveness, palpitation of the heart, heart burn, waterbrash, gnawing and burning pains at the pit of the stomach, yellow skin, coated tongue and disagreeable taste in the mouth, coming up of food after eating, low spirits, etc. Go to your druggist and get a bottle of August Flower for 25 or 75 cents. Two doses will relieve you. Try it. Anti-Monopoly Drug Store.

Ocala's Gala Week Delegation. The following named Ocala people are in Jacksonville today, viz:

Mrs. L. A. Finch, Mrs. Pearl Mason, Mrs. F. L. Watson, Mrs. C. L. Gamsby, Mrs. T. T. Munroe, Mr. and division with this circu Mrs. John Vereen and children, Miss Ruby Farris, Messrs. Charles Peyser, Miss Sarah Harris, Frank Harris, jr., circuit court. B. H. Seymour, Mrs. Gordon S. Scott, Miss Louise Scott, C. Carmichael, J. R. Blackiston, C. V. Miller, Mrs. Hunt and daughter, Mr. J. T. Wheeler, Miss Sue Barco, Irvine Reardon, Bert Dosh, and all the members of the

Any one needing my professional services I shall be pleased to serve them, day or night, at any distance. Female diseases a specialty. Enquire for me at drug store of T. F. Harrison.

Yours for business,

W. B. VAUGHAN, M. D. 11 26 Citra, Fla.

THE JUDICIAL CIRCUITS.

A few days ago there appeared in the Metropolis under the head, "Wilson's New Circuit," what is stated to be the division of the state into judicial circuits according to the view of Senator C. C. Wilson. We are of the opinion that the Senator has not dealt fairly with the other circuits in the state and beg leave to briefly review the several divisions, commencing, as he did, with the fifth circuit. It would be borne in mind that the first circuit is next largest in population to the fifth circuit and then the fourth circuit, neither of which the Senator gives any relief to whatever, but for the present we will confine our discussions to the division as proposed by Senator Wilson.

Senator Wilson's Proposed Judicial Circuits Considered.

The population of the different counties constituting the circuits as proposed by Senator Wilson is taken from the cen-us report of 1900. According to the Senator's division they would stand in population:

Fifth Circuit.-Alachua county, 32,-245; Lafayette county, 4,987; Levy county, 8,603; Marion county, 24,403; Putnam county, 11,641; total 81,879. Sixth Circuit.-Lee county, 3,071; DeSoto county, 8,407; Polk county,

12,472, and county court; Hillsboro

county, 36,013, and criminal court; Manatee county, 4,663; total, 84,266. Seventh Circuit .- Monroe county, 18,036, criminal court of record; Dade county, 4,995; Brevard county, 5,158, county court; Volusia county, 10,003, Crystal River; Jennie Webster, Min- criminal court of record; Orange

ty, 5,391; Osceola county, 3,444; Sum-

ing to population, and there seems no eran and was 72 years of age, more just and fair method, let us see how it would stand measured in this

The Fifth has 17,613 more of popu- Co., of Jacksonville. lation than the Sixth circuit has.

There are no other courts in the

criminal court of record in Hillsboro county. With 17,613 population more in the Fifth circuit than in the Sixth, with two courts to aid the Sixth and no aid at all in the Fifth, the senator's division as to these two circuits is a mite unfair and unjust, it seems

Circuit. The fifth circuit has 32,383 more population than the seventh has. There are no other courts in the fifth circuit to relieve it at all. The seventh circuit has four courts to relieve it. It has a criminal court in Brevard county, a criminal court of record in Orange county and a criminal court of record in Volusia county. Now, with a population of 32,383 more in the fifth circuit than in the seventh circuit, and no courts to aid it, while the seventh circuit has four courts to aid it, we think the senator is a little off from that which is fair and just in a

Mrs. M. C. Looney and little son, Fifth Compared With the Eighth

The fifth circuit has 49,699 more George Smith, John and Bob Math- population than the eighth circuit ews and Alfred Beck, Mrs. C. C. has. There are no other courts in Told and son, Heron; Frank Harris, either of these two circuits to aid the

The population in the fifth circuit liable. is twice as large as that of the eighth circuit and 17,519 to spare. In other words, there would be two and and a half times the population in the fifth circuit than that of the eighth circuit. If the labor is measured by the population there would be two and a hall times as much labor in the fifth circuit as there is in the eighth circuit In this division we think the senator

is not dealing fair with us. The senator's division disregards al natural boundaries, crosses the Su wannee river and puts things generally out of joint. It is sufficient to sav. that whatever division we may think proper it is not necessary now to state. but the division as proposed by Senstor Wilson is out of all proportion, unjust and unfair, and when he comes to consider it we feel that he will agree with us. -S. T. Sistruck in Times-Union and Citizen.

More About Florida Phosphate. In Florida the shipments are unus-

rally heavy, both domestic and foreign. Prominent companies in the land-pebble section are working their plants to the utmost capacity, and at present the situation is reported much more satisfactory to mines. Prices continue very steady, and the inquiry from Europe better. In the hardrock section miners are also actively engaged, and the shipments from the ports, like pebble, are heavy. Advices from Europe are more favorable. La Phosphate of Paris, in its issue of November 5th, says: "The industry of chemical products, finding itself, on the whole, regularly supplied by contracts in course of execution, buyers are less inclined to listen to rumors of an advance. However, there is nothing indica ing to us that the firmness of the phosphate market should be ephemeral. On the contrary, indications are rather in favor of a still more accentuated advance of the market. Buyers will act wisely by assuring themselves now of the merchandise for delivery in the future. If there is room, in fact, to fear for the present, a more or less violent fluctuation, on the other hand there is nothing to oppose a progressive advance which may be susceptible at a given moment of having a sensible difference between the prices which will prevail in a year or two hence and the really advantageous prices at

Earnings of Florida Railroads.

The Florida railroad commission has made public, for the year ending June 30th last, statistics concerning the railroads in the state, excepting shown that the total gross earnings from operation on the Florida business done by the railroads reporting \$7,481,648.24, and the net earning were \$2,598,153.99. The operating expenses 74 24 per cent. of the total gross earnings from operation.
